## Distributor Ingredient Verification – CleanGredients

**Instructions:** This form should be completed if a distributor wishes to list an ingredient in the CleanGredients database, and that ingredient is already actively listed in the CleanGredients database under a different trade name by the original supplier of that ingredient. The distributor should fill out and sign Part A of the form and the supplier should fill out and sign Part B. Return the signed form to CleanGredients at [info@cleangredients.org](mailto:info@cleangredients.org). The verification process must be repeated each time the original ingredient is due for a re-review to remain listed (every three years) and the distributor's trade name will be delisted from CleanGredients if the original supplier's trade name is delisted and the ingredient is not otherwise reviewed by a third party profiler.

### A. Distributor Verification

I hereby affirm that the Distributor Trade Name ingredient identified below, sold by the Distributor Company identified below, is sourced from and identical to the Original Trade Name Ingredient sold by the Original Supplier Company identified below. I further affirm that the Distributor Company does not make any alterations to the Original Trade Name ingredient, including dilutions, before selling it as the Distributor Trade Name ingredient.
